TAPEBOND

Two Component Polymer Based Bonding Agent

DESCRIPTION : A two component polymer based bonding agent which eliminates hacking and provides a chemical key between surfaces.

USES : For bonding floor toppings, mortar patches, cement render/plaster to concrete surfaces. Also effective over concrete block walls and masonry.

SPECIFICATION : The bonding agent shall be a polymer based material supplied by **CICO TECHNOLOGIES LTD** and applied strictly in accordance with the manufacturer's printed instructions.

RECOMMENDED SYSTEM : After thoroughly preparing and cleaning the surface, mix component A & B. Stir well and apply to old surfaces. Wait until tacky before applying topping or render.

APPLICATION DATA :

Surface Preparation : Where necessary remove any wax, oil, grease or any other foreign matter by swabbing with a suitable solvent, followed by a thorough scrubbing with a mild detergent. This shall then be rinsed with clean water and allowed to dry.

Application : Following the required surface preparation to ensure a clean damp surface. Mix component A & B till a homogeneous mix is obtained. Mix till no air bubbles remain. Work the mixed material well into the prepared surface wait till tacky before applying topping.

Application Equipment : Low pressure spray, roller or brush

CLEANING : Water

TECHNICAL DATA :

Flash point	-	Not applicable
Specific Gravity	-	2100kgs/m ³
Thinning	-	Clean water
Coverage/Dose Rate	-	1 to 01.5 kgs per m ²
Toxicity	-	Non-toxic
Drying Time	-	Desired 'tacky' condition is achieved rapidly after application.

PACKAGING : Available in 20 Kg kit.

PRODUCT INFORMATION : Although the basic formulation of our products generally remain unchanged, production refinements arising from continuing research and evaluation program may occasionally results in marginal changes in properties.

TECHNICAL SERVICE

- * **CICO** maintains a technical division with highly qualified Technical Personnel to investigate and advise on subjects related to concrete and the construction industry. The Division will advise on the correct use and selection of right products at the right place.
- * **CICO** undertakes Consultancy Service for diagnosis and rehabilitation of distressed structures
- * **CICO** undertakes jobs as a package for total waterproofing system with guarantee
